My Background is in Advertising, I was creative Director on the Callaway Golf account for several years. It was here that I decided to pursue my love of golf and photography, from day one I set out to make my work different.

My work is more art based combined with the right commercial content that my clients need for their collateral marketing images.

Links & Kings FootJoy product shoot Muirfield Scotland

I can work to an open or tight brief, it can be just course based or the complete package!

*I was awarded
golf photographer of
the year by the
St Andrews
Golf Festival 2012.*
